

4TH-5TH APRIL 2019 | PRAGUE

2019 CyberCentral Summit Welcomes You in Prague

BRATISLAVA, March 19th – CyberCentral Summit 2019, the 9th edition of EBCG Cyber Security Summit, will take place in Prague at the Vienna House Diplomat Hotel and will welcome more than 100 attendees and speakers from all over Europe who will discuss the hottest trends and challenges regarding cybersecurity, information security, ethical hacking and more.

For the past 8 years our Cyber Security Summit has been bringing together those who are not afraid to ask uncomfortable questions, challenge existing concepts and those who are happy to share their stories. The time has come to reveal the 9th edition of our Cyber Security Summit: CyberCentral!

In a course of 2 days, this dynamic Summit will allow you to revolutionize the way you approach Cyber Security in three key areas of:

- Strategy.
- Technicality.
- Industrialization.

So this year we are going bringing back some nostalgia and mixing it up into the life of today! Engaging to the max in areas which will shed light on cyber warfare on a corporate scale. We are always striving on creating a completely new dimension for all cyber security enthusiasts and practitioners.

Highlights

Some of our speakers:

- **Jayson E. Street** , VP of InfoSec, **SphereNY**
- **Ashley Hunt**, Assistant Vice President, Technology Risk, **State Street**
